Estimate: ROOFSAMPLE1

**Estimate and/or Contract for services as specified in itemized Estimate/Contract. Any and all changes will be at an additional cost to be agreed. Permits applicable to be provided by Contractor.**

**Fence has been replaced and upgraded to steel posts. The pricing in this estimate reelects what Mr. Jones had and not the upgrade. Pricing is straight out of Xactimate for this item.**

**The actual fence had a 2x10 treated -- beveled cut rot board at the bottom -- repair was not possible as the labor to completely disassemble the old fence since the stringers were notched into the 4x4 posts was not cost effective. All but two of the posts on the rear run of the fence were broken at the ground.**

**On the North side fence all but two were broken there also.**

**Roof is 20 years old and a 2 square repair is not possible with the current condition of the roof. We would respectfully request a "brittle repair test" as this roof is showing fiber glass matting all over the entire roof area and lifting and removal of the old shingles is not possible.**
